

**September 9 - 11, 2014, - in beautiful Austria**

## **A great success: 11th Conference on High Temperature Filtration**

**"NEW FILTERMEDIA CONCEPTS TO OPTIMIZE BAGHOUSE PERFORMANCE"**

Not easy to top the previous events, we chose again the Hotel "Krallerhof \*\*\*\*\*" in Leogang, in the heart of Austria, just a short drive from Salzburg, as location for our next conference. The beautiful area in the mountains, the top services and the outstanding hospitality of the hotel in a luxury atmosphere will be the ideal background for this international meeting of filtration experts.

**Presentations:**

- **5 years with P84**

*Cementirossi Piacenza plant- Italy*

[details](#) [presentation](#)

- **Operating results of 500 tpd Cimprogetti lime kiln firing biomass, with option "syngas", importance on selecting filter media with different fuels.**

*Cimprogetti Lime Technologies – Italy*

[details](#) [presentation](#)

- **Sources of fine particle emissions from bag house filter units**

*Karlsruhe Institute of Technology – Germany*

[details](#) [presentation](#)

- **New Filtering Media for PFR Solid Fuel Fired Kilns**

*Carmeuse Coordination Center– Belgium*

[details](#) [presentation](#)

- **An update about Enel Fabric Filter fleet, programs and experiences**

*ENEL-Italy*

[details](#) [presentation](#)

- **ESB Moneypoint Power Station LPPJ Fabric Filter Bags Operating Experience**

*ESB Moneypoint Power Station – Ireland*

[details](#) [presentation](#)

- **Lakeside WtE bag house upgrade : from PTFE to P84 bags**

*Lakeside WtE - UK*

[details](#) [presentation](#)

- **Reduction of nanoparticle emissions through the optimisation of gas filtering processes**

*Pro Air Clean Ecologic -Romania*

[details](#) [presentation](#)

- **ECO3 SWAP & SAVE TECHNOLOGY - NEW FRONTIER FOR BAGS CLEANING**

*CTP Team Bedeschi Group – Italy*

[details](#) [presentation](#)

- ***Designing a Successful Bag Filter***

*Outotec - Australia*

[details](#) [presentation](#)

- ***Waste to Energy in the United Kingdom***

*LAB – Germany*

[details](#) [presentation](#)

- ***Can absorbent usage be enhanced through better control of the layer thickness on filter bags ?***

*Avfal Energie Bedrijf – The Netherlands*

[details](#) [presentation](#)

- ***Life cycle and cost analysis of P84 and glass***

*ACC Ltd -Holcim – India*

[details](#) [presentation](#)

- ***ESKOM's experience in pulse jet fabric filter plants and filtration media***

*ESKOM*

[details](#) [presentation](#)
